

RolaDek® Entrance Mats feature a sleek architectural appearance with perforated aluminium hinge construction. Perfect for use in all high traffic environments, RolaDek® Entrance Mats stand up to the debris and dirt without sacrificing aesthetics.

All RolaDek® Entrance Mats feature:-

- Easy to clean – roll back 180°.
- Custom fabrication including angles, arcs/radii and cutouts.
- Continuous resilient vinyl cushion for superior noise reduction.
- Male and Female EPDM Rubber edging for on-site trimming.
- Rolling load test to 160kg./wheel.
- Metal Coating Colours Available – Clear, Bronze, Black.
- Frame “B” – Direct Fix – 12 x 27 x 3mm custom aluminium extrusion, clear natural anodised, mitred with corner spigots. (12mm deep)
- Frame “C” – Surface Mounted – ramped, ribbed 50mm wide, clear natural anodised aluminium frame.
