

F13CV Flat Nosing

Going (width):	73.29mm
Rise (vertical):	9.63mm
Insert:	51mm

F13CV NCC Code Compliant Step Nosing

The **F13CV NCC Code Compliant** stair tread for fitting to the edge of carpet surfaces is provided with a 51mm vinyl insert drilled and countersunk or punched @ 300mm centres.

The **F13CV NCC Code Compliant** can be easily installed using fixers (supplied). The nosing is designed to be installed on carpeted stairs.

The nosing comes in 3060mm and 3650mm lengths which can also be cut to custom lengths to suit your dimensions. Offers slip resistant protection to reduce the risk of accidents and injuries. The nosing highlights the leading edge of the stair.

Suitable for internal applications only. The nosing can be easily retro-fitted.

The standard in-fill colour is black.

NCC Code Compliant.
